

Cooperstown Environmental Announces Charitable Giving

Clients and Employees Support Four Worthy Organizations

December 21, 2010

For Immediate Release

ANDOVER, MA – Cooperstown Environmental LLC has announced that it has made donations on behalf of its clients and employees to four not-for-profit organizations, including two clients of the firm and two organizations dedicated to land preservation.

The Colonial Theatre (www.thecolonialtheatre.org), located in Pittsfield, Massachusetts, provides cultural enhancement for Berkshire County and all of western Massachusetts. A client of the firm, The Colonial Theatre received a \$2000 donation.

Trustees of Reservations (www.thetrustees.org) is committed to protecting and preserving our irreplaceable landscapes all across Massachusetts. The Trustees received a \$1000 donation following a \$2,000 gift in 2009.

Otsego Land Trust (www.otsegoandtrust.org) preserves the distinctive rural character of the Otsego Region in Central New York, including Cooperstown, through conservation easements and other means. The firm made a \$500 donation following a \$2,000 gift in 2009.

Wayside Youth and Family Support Network (www.waysideyouth.org), based in Framingham, provides counseling, family support, residential and educational services, and is one of Massachusetts' most respected child and family serving agencies. Cooperstown Environmental made a \$250 donation this year following a \$10,000 contribution in 2009 that was used to support construction of a baseball field at the Wayside campus.

James T. Curtis, Executive Vice President of Cooperstown Environmental LLC, stated "We are grateful for the support that our employees and our clients have shown and are pleased to be able to help these four worthy charities, especially in an economic environment that has challenged so many non-profits."

About Cooperstown Environmental LLC

Cooperstown Environmental LLC is an environmental engineering consulting firm based in Andover, Massachusetts that provides high-quality, practical, and cost-effective engineering and environmental consulting services to businesses, property owners, institutions, government agencies, and the legal community. We also have a niche as the leading experts in the Brownfields Tax Credit program. The program began in 1998 as part of an effort to encourage and provide an incentive for the cleanup of contaminated sites, sometimes known as Brownfield sites.
